♥ All About Love

Supplies –paper, tape, writing/drawing utensils, or print out
Find 2 pieces of paper and draw a person on each. (or you can print one out twice) Once you have a basic outline tape them to the wall or lay them on the table in front of you and write “Loving God” on the first one, and “Loving Others” on the second one. Then ask a family member to come forward and draw/color each of the following body parts while you come up with ways that you can use them to show love. Then see if they can think of another body part they can use to show love.

- Ears (example: listening when others are talking, listening in church)
- Eyes (example: paying attention to others needs, reading the Bible)
- Nose & Mouth (example: singing hymns and praise music, speaking kind words)
- Mind (example: learning about Jesus, thinking of new ways to help)
- Heart (example: praying to God, telling your parents you love them)
- Hands (example: holding the door, cleaning up the sanctuary)
- Feet (example: going on mission trips, walking with someone to their car)
